or contact Sheila Gibbons at 866-808-CURE, ext 902.

About the CHILDREN'S CARDIOMYOPATHY FOUNDATION

The Children's Cardiomyopathy Foundation (CCF) is a national non-profit organization dedicated to finding causes and cures for pediatric cardiomyopathy through the support of research, education, and increased awareness and advocacy. CCF started in 2002 with one family's determination to call attention to this poorly understood heart disease and to take action on the lack of medical progress and public awareness. Since then, CCF has committed more than \$2.1 million to research and treatment initiatives, and grown into a global community of families, physicians and scientists focused on improving diagnosis, treatment and quality of life for children with cardiomyopathy.
