# ABOUT THE CHILDREN’S CARDIOMYOPATHY FOUNDATION

The Children’s Cardiomyopathy Foundation (CCF) is a national nonprofit dedicated to finding causes and cures for pediatric cardiomyopathy, a chronic and potentially life-threatening heart disease.

The Foundation started in 2002 with one family’s determination to call attention to a poorly understood disease and to take action on the lack of medical progress and public awareness. Fifteen years later, CCF has grown into a global community of families, physicians and scientists focused on improving diagnosis, treatment and quality of life for children with cardiomyopathy.

The proceeds from Golf for a Cure support CCF’s Research Grant Program and partnership with the North American Pediatric Cardiomyopathy Registry. More than 231 articles have been published from CCF-funded research and education initiatives, which have provided physicians with critical care guidelines for children with cardiomyopathy.

## BOARD OF DIRECTORS
