**A Cause for Today...  
A Cure for Tomorrow**

July 24, 2017

Dear Friends,

**Welcome to the Children's Cardiomyopathy Foundation's (CCF)'s 15th Annual Golf Classic!** I look forward to this event every year as it gives me a chance to reconnect with dear friends and people who care about our cause. I appreciate you coming today to support the work we do for families affected by cardiomyopathy.

This year we had a successful 4th International Scientific Conference on Cardiomyopathy in Children. Held in Bethesda, Md. in May, 60 leading researchers and clinicians, including staff from the National Heart, Lung, and Blood Institute, came together to exchange ideas and discuss new developments in pediatric cardiomyopathy, heart failure, and heart transplantation. This conference, held every few years, was initiated by CCF in 2007 to encourage more targeted research and to advance knowledge of pediatric cardiomyopathy. It has become an important venue for determining research priorities and developing collaborative studies that can improve patient outcomes.

Your generosity is shaping the future of care for children with cardiomyopathy and bringing hope to their families. My heartfelt thanks go out to all of you for your commitment to CCF's mission.

Warm regards,

A handwritten signature in black ink that reads "Lisa Yue". The signature is fluid and cursive, with the first letters of each name being capitalized and prominent.

Lisa Yue  
Founder & Executive Director

## **ABOUT THE CHILDREN'S CARDIOMYOPATHY FOUNDATION**

The Children's Cardiomyopathy Foundation (CCF) is a national nonprofit dedicated to finding causes and cures for pediatric cardiomyopathy, a chronic and potentially life-threatening heart disease.

The Foundation started in 2002 with one family's determination to call attention to a poorly understood disease and to take action on the lack of medical progress and public awareness. Fifteen years later, CCF has grown into a global community of families, physicians and scientists focused on improving diagnosis, treatment and quality of life for children with cardiomyopathy.

The proceeds from Golf for a Cure support CCF's Research Grant Program and partnership with the North American Pediatric Cardiomyopathy Registry. More than 231 articles have been published from CCF-funded research and education initiatives, which have provided physicians with critical care guidelines for children with cardiomyopathy.
