

The **Children's Cardiomyopathy Foundation** (CCF) is a national non-profit focused on pediatric cardiomyopathy, a chronic and potentially life-threatening disease of the heart muscle. The condition affects the heart's ability to pump blood through the body, which can lead to heart failure and an irregular heartbeat. Cardiomyopathy is the leading cause for heart transplants and sudden cardiac arrest among the young.

Proceeds from CCF's Golf for a Cure event will go towards supporting research and education initiatives aimed at improving diagnosis, treatment, and quality of life for children with cardiomyopathy.

Event Details

- The event will be held at the prestigious Ridgewood Country Club in Northern New Jersey on Monday, July 26, 2021.
- Over the years, hundreds from the tri-state area have come together to raise millions for CCF's research programs.
- At CCF's last golf event, 55 sponsors, consisting of top name law firms and financial service companies, supported the event.
- Primarily high net worth individuals with extensive professional networks attend CCF's golf outing.

Event Impact

- Funds research studies that advance the understanding of the disease and facilitates the development of targeted therapies.
- Enables the development and distribution of educational materials to more than 70 children's hospitals in the U.S. and Canada.
- Supports the planning of scientific conferences and working groups that encourage discussion and collaboration among leading physicians and scientists.

Sponsor Benefits

- Recognition on the event signage, event program, and in CCF's newsletter and website.
- Opportunity to establish business connections with attendees from various fields.
- Contribution is tax-deductible and associated with a reputable and worthwhile charity.
