

**MONDAY, JULY 26, 2021**

**RIDGEWOOD COUNTRY CLUB**

**96 WEST MIDLAND AVENUE, PARAMUS, NJ**

A Cause for Today...  
A Cure for Tomorrow

July 26, 2021

Dear Friends,

**A warm welcome** to the Children's Cardiomyopathy Foundation (CCF)'s Annual Golf Classic at the Ridgewood Country Club. I hope you enjoy being back at Ridgewood Country Club to experience its PGA Tour course.

Your participation today allows us to continue supporting children with cardiomyopathy, a chronic and potentially life-threatening heart condition. In spite of last year's unexpected challenges, we were still able to make an impact in several areas. CCF quickly responded to conflicting information on COVID-19 by providing reliable and pertinent health information with a resource web page and webinars. In addition, CCF-funded research was recognized by the American Heart Association, educational materials were developed in collaboration with specialists from 13 medical centers, and new translations in Spanish were offered. Working with family members and legislators, CCF took the lead in getting two cardiomyopathy-related bills introduced: the SAFE PLAY Act and the Cardiomyopathy HEARTS Bill.

CCF remains a recognized leader in pediatric cardiomyopathy research and education thanks to your generosity and involvement. With your continued support, we will build on this CCF's successes to improve the quality of life for children living with cardiomyopathy.

In gratitude,

A handwritten signature in black ink that reads "Lisa Yue". The signature is written in a cursive, flowing style.

Lisa Yue  
Founder & President of the Board

# ACKNOWLEDGEMENTS

*This event would not be possible without the generous support of our sponsors and in-kind donors.*

## Creating a Brighter Future

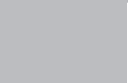

The Children's Cardiomyopathy Foundation (CCF) is dedicated to finding causes and cures for pediatric cardiomyopathy through the support of research, education, awareness, and advocacy.

For 19 years, CCF has been assisting physicians and families in their quest for earlier diagnosis, improved treatment, and better quality of life for children affected by cardiomyopathy.

## ABOUT THE FOUNDATION

The Children's Cardiomyopathy Foundation (CCF) is a national nonprofit dedicated to finding causes and cures for pediatric cardiomyopathy, a chronic and potentially life-threatening heart disease.

The Foundation started in 2002 when one parent saw the need to raise awareness of a poorly understood disease and to accelerate collaborative research on a rare condition. Nineteen years later, CCF has grown into a global community of families, physicians, and scientists focused on improving diagnosis, treatment, and quality of life for children with cardiomyopathy.

Proceeds from the Golf for a Cure event will go towards multi-center research studies with the National Institutes of Health-funded Pediatric Cardiomyopathy Registry. As a result of CCF's research and education initiatives, there have been more than 420 medical publications and presentations on pediatric cardiomyopathy. This has provided guidance to physicians caring for children with cardiomyopathy and led to improved health outcomes and increased survival.
