

**MONDAY · JULY 25 · 2022**

**RIDGEWOOD COUNTRY CLUB**

**96 WEST MIDLAND AVENUE, PARAMUS, NJ**

**A Cause for Today...  
A Cure for Tomorrow**

July 25, 2022

Dear Friends,

**Welcome to the Children's Cardiomyopathy Foundation's (CCF)  
19th Annual Golf for a Cure!**

With your participation today, you are supporting CCF's mission to increase research, education, awareness, advocacy, and family support by:

- Providing webinars, educational materials, an online community, and other support resources to affected families.
- Partnering with the National Institutes of Health-funded Pediatric Cardiomyopathy Registry to fund multi-center studies and disseminate research findings at medical conferences and through scientific journals.
- Maintaining a Cardiomyopathy Centers of Care program that recognizes medical centers with expertise in pediatric cardiomyopathy.
- Hosting a scientific conference to identify research priorities and develop strategies for improving the diagnosis, treatment, and health outcomes of children with cardiomyopathy.

Your participation with CCF doesn't have to stop with this golf tournament. September 1 marks the beginning of Children's Cardiomyopathy Awareness Month. We invite you to follow us on social media and share posts to raise awareness about this disease. I invite you to visit **[childrenscardiomyopathy.org](http://childrenscardiomyopathy.org)** to find out how you can continue to be involved.

Thank you again for your support of CCF. We hope you enjoy the day and have fun while knowing that you are making a difference in the lives of many children.

Sincerely,

A handwritten signature in black ink, appearing to read "Jose".

Jose Segarra, MNA, CAE  
Executive Director

# ACKNOWLEDGEMENTS

## ABOUT THE FOUNDATION

The Children's Cardiomyopathy Foundation (CCF) is a national nonprofit dedicated to finding causes and cures for pediatric cardiomyopathy, a chronic and potentially life-threatening heart disease.

Established in 2002, CCF's goal was to accelerate the search for cures and address the unmet needs of patients. CCF's commitment to fostering research collaborations and facilitating dialogue among physicians, medical societies, and federal agencies has led to advances in how patients are managed and supported. More than 445 medical publications and presentations on pediatric cardiomyopathy have resulted from CCF-funded studies and scientific conferences.

Twenty years later, CCF is a global community of families, physicians, and supporters working together to improve outcomes and quality of life for children with cardiomyopathy. CCF continues to strengthen its partnerships with the scientific community and industry while ensuring that the patient perspective is always at the forefront.
