## MONDAY · JULY 22 · 2024

## **RIDGEWOOD COUNTRY CLUB**

96 WEST MIDLAND AVENUE, PARAMUS, NEW JERSEY

A Cause for Today... A Cure for Tomorrow

July 22, 2024

Dear Friends,

## Welcome to the Children's Cardiomyopathy Foundation's

**21st Annual Golf for a Cure!** We're thrilled that you joined us at Ridgewood Country Club today.

Ridgewood Country Club today.

This year we were able to host our 6th International Conference on Children with Cardiomyopathy in partnership with Cincinnati Children's Hospital Medical Center and the Pediatric Cardiomyopathy Registry. Drawing more than 300 attendees from 32 countries, the virtual conference brought together the leading experts in the field to share insights, ideas, and the latest evidence on pediatric heart failure and cardiomyopathy.

We continue to encourage collaboration, innovation, and knowledge exchange through our sponsored research studies, Cardiomyopathy Centers of Care program, and Experts on Pediatric Cardiomyopathy webinar series.

On the advocacy front, the Cardiomyopathy HEARTS bill (H.R. 6829), which we worked on with Rep. Frank Pallone (NJ), cleared the U.S. House of Representatives Subcommittee on Health. This bill highlights the need for educational resources on cardiomyopathy and guidelines to better prepare schools to handle a cardiac emergency. This legislative advance encourages our families to become more active and vocal about their journey with cardiomyopathy.

These successes have been made possible by our many donors and sponsors. Your generosity allows us to continue our work to advocate for affected families and to advance research that leads to better outcomes for children living with cardiomyopathy.

With gratitude,

Kisa Yue

Lisa Yue Founder & President of the Board

## ACKNOWLEDGEMENTS

This event is made possible through the generous support of our sponsors, in-kind donors, and event supporters.

### **ABOUT THE FOUNDATION**

The Children's Cardiomyopathy Foundation (CCF) is a national nonprofit dedicated to finding causes and cures for pediatric cardiomyopathy, a chronic and potentially life-threatening heart disease.

Established in 2002, CCF's goal was to accelerate the search for cures and address the unmet needs of patients. CCF's commitment to fostering research collaborations and facilitating dialogue among physicians, medical societies, and federal agencies has led to advances in how patients are managed and supported. More than 460 medical publications and presentations on pediatric cardiomyopathy have resulted from CCF-funded studies and scientific conferences.

Twenty-two years later, CCF is a global community of families, physicians, and supporters working together to improve outcomes and quality of life for children with cardiomyopathy. CCF continues to strengthen its partnerships with the scientific community and industry while ensuring that the patient perspective is always at the forefront.
